

MINIATURE PIG CHECKLIST

Miniature pig, also known as a mini pig, micro pig or tea cup pig, means a domesticated pig that, at maturity, is less than 20 inches in height and weighs less than 150 pounds.

REGULATIONS AND CONDITIONS FOR MINIATURE PIGS

Regulations per City Code:

- There can be no more than one dog or one miniature pig, six months of age or older, for each 2,500 square feet of lot area.
 - If more than 2 miniature pigs or dogs, the lot dimensions must be completed:
_____ Length x _____ Width = _____ Square Feet
- No person shall keep miniature pigs on any residentially zoned property within the city without first obtaining a license from the City.
- The keeping of miniature pigs is limited to single family lots.
 - Type of lot: _____
- Slaughtering of pigs on residential property is prohibited.

Conditions of a License per City Code:

- The miniature pig shall be spayed or neutered. The owner must provide proof of spaying or neutering by a State licensed veterinarian.
- The property must be fenced to contain the miniature pig and must be no less than four (4) feet in height, with an enclosed area of no less than 250 sq. ft.
- The owner must provide proof that a microchip has been implanted in the miniature pig for identification, including the microchip number and manufacturer name.
- The miniature pig is no greater than 20 inches in height or 150 pounds.
- Payment of \$10.00 license fee. Licenses are issued for two-year terms, beginning on January 1st. No proration of fee for applications received after January 1st.

By signing this document, I certify that I understand the regulations and conditions listed above.
