Complete/Incomplete Applications

An incomplete application will delay the processing of planning and zoning requests. The application approval time commences and an application is considered officially filed when the City Planner has received and examined the application and determined that the application is complete. A decision on whether the application is complete or incomplete shall be made within fifteen (15) days following the submittal of the application and the applicant will be notified in writing of the decision. When the application is deemed to be "complete" it shall be placed on the agenda of the first possible Planning Commission meeting.

The City recommends that you make a pre-application meeting with the City Planner (651-554-3217) to discuss the application process, requirements, and deadlines.

Notice of Meeting Attendance

In order for the Planning Commission and the City Council to consider any application, the applicant or a designated representative must be present at the scheduled meeting. If not, the matter may be tabled until the next available agenda.
