

DNR Boat Launch – Verderosa Avenue and Highway 494

The South St. Paul Boat Launch is a Department of Natural Resources Level 1 boat launch. This facility features a floating dock and can comfortably launch two large water craft simultaneously off of dual concrete ramps. Parking for 35 vehicles and trailers with additional overflow areas are available. A special feature of the boat launch site is an onshore fishing platform that is ADA accessible making it a great destination for all ages and abilities.
