

## CONSTRUCTION UPDATE

With spring upon us and warmer weather on the horizon the City is working on plans to finish the 5<sup>th</sup> Avenue reconstruction project. There are several tasks that need to be completed including sodding, sidewalk repairs, landscaping, tree planting, irrigation repairs, and painting the lane lines as well as cross walks. This may result in temporary daytime road closures (1-2 days) in order to facilitate the contractor's ability to finish their work. While we know this may be an inconvenience for some, it is necessary to complete the work in a safe and efficient manner. Notice will be provided prior to any temporary road closures as part of the construction efforts.

However, given the current COVID-19 pandemic we are experiencing, the timing of these final improvements is currently an unknown. Our main priority is to keep the public, contractors and City staff safe while working to complete the project on time. We will provide updates regarding the location and timing of finishing construction activities as they become available.

## PROJECT CONTACTS & INFORMATION

- For construction related questions or concerns, during the hours the Contractor is working, please call the project representatives:
  - Tom Madigan (Lead Inspector) at (651) 554-3212
  - Mat Steely (Inspector) at (612) 636-7825
  - Lee Elfering, City Engineer, at (651) 554-3210 (Monday-Friday, 8 – 4:30)
  - After hours or on weekends you can leave a message to receive a follow-up call on the next business day at (651) 554-3210
  - Emergency after work hours, call 911
- For general project related questions, call (651) 554-3210 (Monday – Friday, 8 – 4:30)
- The project website will be used for posting construction newsletters and relevant information. The website address is <https://5thaves.com/>. Sign up to be e-mailed the newsletter!
